Bodegas Muga

Prado Enea Gran Reserva 2019

JEB DUNNUCK

96pts

"The last vintage of the 2019 Prado Enea Gran Reserva was in 2016, the wine only made in exceptional years when the grapes are worthy. Blending double-selected Tempranillo, Mazuelo, and Garnacha Tinta from across high-altitude parcels in Rioja Alta, always the last to be harvested, looking for freshness and balance, it offers juicy layers of red fruit, airy tannins, and wood spice, spending a minimum of three years in oak cask, mostly French. Another three years in bottle followed. It's one of the more substantial, weighty, full-bodied wines in the portfolio and will benefit from even further aging. Drink 2029-2039."
