

Viñedos de Páganos
El Puntido 2022

vinous
explore all things wine
94pts

"Planted in 1976 on clay-limestone soils in Páganos, the 2022 El Puntido offers a dark aromatic profile, where soft herbal notes sit over integrated oak. Strawberry and black cherry tones lie beneath, with balsamic hints evolving toward blackberry and a slightly liqueur-like nuance. Dry and full-bodied, it shows firm tannins and solid volume across the mid-palate. Versus the 2021, the tannins feel more reactive and structured."

Joaquín Hidalgo, April 7th 2026
