

## Jorge Ordóñez Málaga Nº2 Victoria 2024

*Robert Parker*  
WINE ADVOCATE  
**93+pts**

*"The very young sweet Moscatel 2024 Victoria #2 has a pale yellow color and a complex and nuanced nose, even if young. It comes from old vines on slate soils, dried in the shadow inside the winery to achieve further concentration, and the wines have natural alcohol... This is their flagship sweet wine and the largest production. It's dense and oily, expressive and characterful, very balanced, with more of everything, including concentration, persistence and length, quite sweet and getting closer to the number three."*

Luis Gutiérrez, October 23rd 2025
