

Cuentaviñas  
Cuentaviñas Los Yelsoes 2022

**JEB DUNNUCK**  
**96pts**

*"From winemaker Eduardo Eguren's favorite vineyard, La Rad, which once belonged to his grandfather, the 2022 Los Yelsoes is 100% Tempranillo from high-density vines planted in 1970. The 2018 was the first vintage. This vintage aged 16 months in 50% new 500-liter French oak. The medium-bodied, spicy, mineral wine is more intense and built with a larger framework than the producer's Septeno, chalky in nature from its aroma to its texture to its finish. Yet it's also finessed and somewhat ethereal and undeniably fresh. The structure suggests serious aging potential of 20-30 years, but why wait?"*
