

Villota  
Selvanevada 2023

vinous  
explore all things wine  
**90pts**

*"A blend from Laserna in Rioja Alavesa, the 2023 Tinto Selvanevada (86% Tempranillo, 3% Graciano, 5% Garnacha and 5% Mazuelo) opens with spices and white pepper over a core of black fruit. The profile is shaped by the vintage, which brings darker fruit tones and a faint chalky line that energizes the palate. Broad and dark in character, it shows structure that reflects the year."*
