"Despite the new oak, the wine is very fruit-driven and does not come through as oaky. It's floral, spicy and juicy, ripe without excess and with a velvety mouthfeel. This is approachable from early on, and even now, it has the silky tannins from 2019. It's less tannic than other vintages and has very good balance.

There is more depth here, provided by the older vines, and there's more nuance too."
