

Viñedos Sierra Cantabria  
Organza 2016

Robert Parker  
WINE ADVOCATE

92pts

*"This feels very young and undeveloped, and in a vintage like 2016 which has incredible freshness, even more so. It has tension and lots of acidity and complexity, but it's still in need of time in bottle, where it should develop much more. This could very well be the finest vintage of Organza."*
